

## **COLIN WILHELM CALLS ON REP. BOEBERT TO DISAVOW EXTREMIST MILITIA GROUPS AND HER OWN ETHICAL VIOLATIONS**

**GLENWOOD SPRINGS, CO— 01/25/2021** — Recently new Rep Lauren Boebert has opened herself up for an ethics violation for accepting a customized .40 caliber Glock 22 from the Colorado Chapter of Boots on the Ground- Bikers for Trump.

House ethics rules prevent accepting gifts valued at \$50.00 and above, also it is a violation of Federal law to use the congressional seal without approval.

“House ethics rules prevent accepting gifts valued at \$50.00 and above, also it is a violation of Federal law to use the congressional seal without approval,” said Colin Wilhelm, Democratic candidate for Colorado’s 3<sup>rd</sup> congressional district. “What is worse, she accepted this gift from a self-identified member of the extremist group, The Three Percenters.”

Rep. Boebert has since claimed that she will be purchasing the firearm from its current owner, but as of now, no such proof has been provided.

“We the People of CD3 must have Representative with enough decorum to follow the established ethics rules. These rules are in place for a reason, not the least of which is to prevent undue influence on our Representatives,” said Wilhelm. “I am calling for proof of purchase, including the firearm dealer registration information of the seller to be provided by Rep. Boebert. I also call on Rep. Boebert to Disavow extremist alt-right organizations such as The Three Percenters. If this is not done by Ms. Boebert the House should immediately open an ethics investigation in this matter.”
